Cannes, France

**Relevance:**

Modern concrete marina

**Client / Operator:**

Private

**Timeline:**

2010

**Quality Control:**

BMI ISO QA Manuel

**Project Delivery:**

Design / Build

Moorage at Cannes Commercial Fishing Docks were significantly improved thanks to a complete upgrade to the Port's floating piers. Bellingham Marine led the renovation which included the replacement of the marina's existing pontoons with modern concrete floating pontoons Unifloat® anchored on pilots as well as upgrades to the marina's power, illumination and potable water systems.

The before and after photos of the Cannes Commercial Fishing Docks are worth a thousand words. At an inauguration ceremony on October 18<sup>th</sup>, City and Chamber of Commerce officials celebrated the opening of the new docks.
